IT'S OK TO TOOT

YOUR OWN HORN . . .

Have you ever been complimented for any reason, a new shirt, good grades in school, a good job working a project at work, or any other compliment? The answer I am sure is yes for all of us. It is too bad that we usually reply with "it was nothing" or "it was no big deal." The big problem with answering that way is that the person paying the compliment may really think you are telling the truth! Why would someone spend hours trying to do a good job on a project, only to say it was nothing. It is something, and we should be proud to toot our own horn, whenever we can.

If you do a job, special assignment, or any other task, you should do work which you are proud of. When complimented, be proud and take the credit for doing good work. Admit the project took a long time and that you appreciate the compliment, as I am sure you really do appreciate compliments. Stand proud, accepting the compliment, and offer thanks for the person noticing the work which you completed. Do not be afraid to toot your own horn.

The members and staff at the Division of Fire Standards and Training are certainly proud of the accomplishments which we have made, and the projects which we are presently in the process of completing. The integration of a new curriculum, new training props that

are both mobile and stationary, updating and modernizing

the instructor certification program, subsidizing more and more training courses every year, and making every attempt to be customer friendly, are among these. Projects in process include securing funds for a building collapse training prop, acquiring federal funding for aircraft rescue and firefighting training, ascertaining national accreditation for all of our certification programs, acquiring funding for free training in each county, and the computerization of all of our training records, courses, and instructors.

This just alludes to a few of the projects we have either finished, or which are still in process. We are attempting to fulfill the needs of the New Hampshire Fire Service, as well as its training needs.

We are proud of our accomplishments. We are proud of what we are attempting to accomplish, and we are proud to serve you in meeting your training needs. We know we can't do it all, but with the staff we have, we can surely try, and try hard. We don't mind tooting our own horn, I am proud to be part of what is happening at your Fire Academy!

Fire Services Mourns Hooksett Fire Chief Steven A. LaDuke

Deputy Chief Gary Lambert and the members of the Hooksett NH Fire Department regret to announce the passing of Fire Chief Steven A. LaDuke. Chief LaDuke was a five-year member of the Hooksett Fire Department, serving three years as Deputy Chief and the last two as Chief.

Chief LaDuke had dedicated most of his life to the fire service in the state of NH having seventeen years as a chief officer level. He also served on the State of New Hampshire Fire Standards and Training Commission, St. Anselm College Fire Investigation Seminar Staff and was a key player in many facets of the NH Fire Family.

N.H. Fire Explorer Training Academy

The 8th Annual NH Fire Explorer Training Academy will be held from June 27th through July 2nd, 1999 at the NH Fire Academy in Concord. Applications will be mailed in late February or early March. Space is limited, and trainees are placed on a first-come, first-served basis. Numerous courses are being offered, and this year's Academy promises to be a great one.

Look for applications in the mail, they will be sent to all Explorer Posts and fire departments. If there are any questions, or if anyone wishes to lend a hand (we can ALWAYS use extra help) please contact NH Fire Explorer Training Academy Chief Jon Cares at H (603) 635-3603, or Pager (603) 385-4898. The Officers and Staff are looking forward to another year of fun, and we hope all Fire Explorers are too!! See you in June!

New Hampshire Fire Service

"A Year in the Life"

PHOTO ESSAY CONTEST

Sponsored by the New Hampshire Division of Fire Standards and Training

A photo essay contest is open to members of the New Hampshire fire service, professional and amateur photographers, and other non-fire service individuals. The photographs submitted will depict the daily life of members of the New Hampshire fire service. The purpose is to show the personal or human side of fire service life. It is our intention to publish these photographs in the Fire Academy calendar and possibly in softbound book or newspaper insert form. These photographs will also be part of a display that we will exhibit across the state. The contest will include one (1) Grand Prize and additional separate awards in two categories (Press/News Photograph and Amateur Photograph). We will publish a list of any additional monetary or material awards before September 1, 1999.

The contest will end September 1, 1999 with the awards being presented during the New Hampshire State Firemen's Convention to be held in Merrimack, NH in September of 1999.

1. All materials submitted shall become the property of the New Hampshire Division of Fire Standards & Training. Photo credit shall be awarded to the photographer in all displays.
2. All materials submitted shall be authenticated and ownership established prior to any award. Any person submitting materials determined not to be authentic or to be unauthorized shall forfeit any award and be responsible for restitution in full of any award expended or used.
3. The ONLY formats that will be accepted are:
 - A. 35 mm color slides (with an accompanying 5" X 7" glossy finish print).
 - B. 5" X 7" glossy finish color prints, including the negative.
 - C. 5" X 7" glossy finish B&W prints, including the negative.
4. Information required is outlined on the entry form.
5. Deadline for submission: Completed form and submission materials must be received by the Division of Fire Standards & Training by 4:00 p.m. on September 1, 1999.
6. Entries should be mailed to: New Hampshire Fire Academy, 10 Hazen Drive, Concord, NH 03305

Questions, please contact Captain Charles Roffo at 603-271-2661.

Staff Biographical Sketches

The Fire Service News is starting a new column with this issue, profiling two Division employees in each issue. Customers will now be able to put a face with a name, and know who they are talking to when they call the Division.

William Clark, Deputy Chief

William Clark, Deputy Chief with the Division of Fire Standards and Training, began his fire service career as a call firefighter in Pembroke, New Hampshire in 1983. Serving as Firefighter, Engineer, Lieutenant, and Training Officer, he is currently assigned to the Fire Prevention Bureau as the Public Fire Safety Education Officer, dealing with public education and juvenile firesetting issues.

Bill received a Bachelor of Science Degree in Business Administration from Plymouth State College, of the University of New Hampshire, and another Bachelor of Science Degree, in Fire Service Administration, from Empire State College of the State University of New York. Bill started with the Division of Fire Standards and Training in 1993, as a temporary employee, and moved on to full-time employment, as Deputy Chief, in 1994. His present responsibilities include Firefighter, Driver/Operator, Airport Crash, Fire, Rescue, and Fire/Arson certification programs. He is also responsible for many operations at the Richard M. Flynn Fire Academy.

Bill and his wife Joan reside in Pembroke. They have two children, a son Jon (23) and a daughter Elizabeth (19). When not enjoying summertime weekends with his wife at the ocean, Bill enjoys running, biking, and sailing, and is a licensed pilot. It is unfortunate for the Division that Bill has submitted his intent to transfer to the Division of Fire Safety (Office of the State Fire Marshal), effective March 1, 1999, to serve the state as an investigator. Eventhough he will be working from the same building, we will miss his expertise dearly! We wish the best for Bill and his future!

Eric Wilking, Captain

Starting his fire service career as an Explorer in Eddington, Maine in 1979, Eric has done well in his chosen field. He became a Call Firefighter in the same town, in 1982, before beginning his Associate in Applied Science Degree program at the New Hampshire Technical College in Laconia. He was a live-in student at the Gilford Fire Department during the school years 1983 through 1985, when he graduated.

After college, Eric became a Call Firefighter, in Belmont, in 1985. In 1996, he was promoted to Lieutenant, a rank he still holds. Professionally, Eric worked with the Tri-State Fire Equipment Company, in Laconia, from 1985 until starting at the Division of Fire Standards and Training, in September of 1997. His present duties include working with the Firefighter curriculum, as well as coordination of Division-sponsored courses at the Richard M. Flynn Fire Academy and in the field.

Eric resides in Belmont with his wife Linda and son Christopher (13). An Eagle Scout, awarded in 1981, Eric remains an active member of the Scouting program on the local and district levels. We are proud of Eric's accomplishments and benefit daily from his expertise and abilities.

NATIONAL FIRE ACADEMY PROGRAMS

LEADERSHIP I,II, III

- WHEN:** Leadership I — March 20,21 1999
Leadership II — April 17,18 1999
Leadership III — May 22,23 1999
- TIME:** 08:30 - 17:00 (Both days)
- WHERE:** New Hampshire Fire Academy
222 Sheep Davis Road (Route 106), Concord, NH
- COST:** \$20.00 / class (Checks made payable to: NHFS&T)
- PREREQUISITES:** None
- REGISTRATION:** Complete the attached New Hampshire Fire Academy and National Fire Academy applications and return them with payment to: **New Hampshire Division of Fire Standards and Training
10 Hazen Drive, Concord, NH 03301**

COURSE DESCRIPTIONS: Below

Registration is limited on a first come, first serve basis. Your application is your confirmation unless you hear from us that the class is overbooked.

** Minimum Class Size - 10 students**

Leadership Series Course Descriptions

LEADERSHIP I: *Strategies for Company Success (LS-I):*

This 2 day course presents the company officer with the basic leadership skills and tools needed to perform effectively in the fire service environment. The course includes techniques and approaches to problem solving, ways to identify and assess the needs of the company officer's subordinates, methods for running meetings effectively in the fire service environment and decision making skills for the company officer.

LEADERSHIP II: *Strategies for Personal Success (LS-II):*

This 2 day course provides the company officer with the basic leadership skills and tools needed to perform effectively in the fire service environment. This course addresses ethics, use and abuse of power at the company officer level, creativity in the fire service environment and management of multiple roles of the company officer.

LEADERSHIP III: *Strategies for Supervisory Success (LS-III):*

This 2 day course provides the company officer with the basic leadership skills and tools needed to perform effectively in the fire service environment. This course covers when and how to delegate to subordinates, assess personal leadership styles through situational leadership, discipline subordinates and apply coaching / motivating techniques.

Target Audience:

- Line Fire Officers, unit commanders, or program supervisors
- Fire or Rescue personnel due for promotion / appointment to officer rank or supervisory position within 6 months
- Training Officers, staff, or administrative officers of fire and rescue organizations

NATIONAL FIRE ACADEMY PROGRAMS

1998-1999 Direct Delivery Program

COMMUNITY RISK ISSUES AND PREVENTION INTERVENTIONS (CRIPI)

The course is designed for students who work in the field of prevention. Students learn a basic overview of the three E's of prevention - education, engineering and enforcement. The course concludes that the most effective way to combat community risk issues is to develop strategies that use all three E's. The course is designed to provide the motivation and leadership for local organizations to enhance their prevention efforts.

Date(s): March 13 and 14, 1999 (Saturday and Sunday)

Time(s): 8:30 a.m. to 5:00 p.m. (both days)

Location: New Hampshire Fire Academy, 222 Sheep Davis Road, Route 106, Concord, New Hampshire

Class Size: 30 students

Cost: \$ 20.00 (Checks made payable to: N.H.F.S. & T.)

Who Should Attend: Prevention personnel; fire marshals, inspectors, and public educators; career and volunteer firefighters with prevention responsibilities; public educators; community health educators.

How to Apply: Complete the New Hampshire Fire Academy AND National Fire Academy applications and return them with payment to:
**New Hampshire Department of Safety
Division of Fire Standards and Training
10 Hazen Drive, Concord, New Hampshire 03305**

EMERGENCY RESPONSE TO TERRORISM SELF-STUDY - (ERT:SS)

FOR: Law Enforcement Personnel
Fire Service Personnel
Emergency Medical Services
Emergency Management Officials
Local Government Officials
Public Works Officials
Hospital Administrators

An intensive self-study program developed by the US Department of Justice and the Federal Emergency Management Agency to assist the emergency responder to plan for and deal with acts of terrorism in their community.

This five part program includes:

- * Definitions and types of terrorism.
- * History of terrorism.
- * Self-protection and considerations for responders.
- * Crime scene considerations.
- * Specialized incident command issues.
- * Glossary of Terms.
- * Self-administered final exam.

To obtain the ERT:SS course materials, please contact: **New Hampshire Fire Academy
10 Hazen Drive, Concord, New Hampshire 03305
603-271-2661 - Telephone
1-800-371-4503 - Toll Free
603-271-1091 - Fax**

NH FOREST FIRE SERVICES

News & Notes

Remember . . . Safety First . . . On Every Incident . . . Every Time!

Robert D. Nelson, Chief, Forest Protection

1. Second round of ICE Storm Grants are out to the communities of the nine impacted counties. If people want more information, call the ICE Fact Line at 1-800-444-8978. There are three field reps to assist communities with the grant process. We have tentatively appropriated \$200,000 for communities (80/20 match) to be able to purchase WILDLAND FIRE SUPPRESSION equipment and Personal Protective Equipment (PPE). To qualify for the suppression dollars, the Community SHALL have conducted a fuel load assessment as well as an assessment of storm damage in their community. There are grant monies available to help defray these assessment costs.
2. The Division of Forests and Lands has procured \$120,000 worth of wildland suppression equipment to help communities in extended attack situations. Items purchased: ten Mark III pumps; two BB-4 pumps; 63,000 feet of hose; and other items necessary for successful operation of this equipment. We are also purchasing new weather equipment and have purchased 10 laptop computers for the Rangers.
3. Regional Rangers Belmore and Ricard have retired. We have conducted interviews to fill these vacancies and hope to have them filled by the end of February 1999. We will then start the process of filling two entry-level ranger positions.
4. Our Warden/Deputy Warden training will be outdoor training. We do NOT have the dates yet, but are looking at late March through May as the training season. When the schedule is set, we will get the information out.
5. In 1998 we had 804 fires reported to our office for a total acres burned of 443. This is the highest number of fires in the past ten years. Average fire cost was \$108; total suppression costs of \$87,162.
6. At this time, we are still anticipating filling ALL tower and patrol positions. We may have to open the towers early and progressively open towers as the snow pack melts (if there is snow). We are in a moisture deficit to start the year and, with the lack of snow, are anticipating an early season.

NOTICE:

Fire Instructors and Officers Association of New Hampshire (FIOANH)

The FIOANH Annual Meeting will be held in April. (Date to be announced)

Elections for President, 1st and 2nd Vice President, Secretary, and Treasurer will be held. Any active member of the Association who is interested in running for these positions should notify President John Beland by March 31, 1999. The board is working on a Dinner and Speaker for the annual meeting.

NH BUREAU OF EMS UPDATES

603-271-4568/NH: 1-800-852-3345, ext. 4568

Local Option Patient Care Protocols:

The "NH EMS Local Option Patient Care Protocols" document was approved at the January 1999 meeting of the EMS Medical Control Board and is in the process of being distributed to Hospital EMS Medical Directors for implementation.

This document combines the previous "Pediatric Guidelines," "BLS guidelines" and "ALS Protocols" into a master "maximum menu" document which can be utilized by all levels of EMS providers when dealing with emergency medical procedures.

Individual Medical Resource Hospitals can decide on issuing either facility-specific procedures or working cooperatively in issuing area-wide procedures based on the new document. Hospital EMS Medical Directors are urged to work with their catchment area EMS providers in establishing protocols which meet the pre-hospital needs of their catchment areas. Assistance from our Regional EMS Medical Directors and the Bureau of EMS is available. Protocols would be utilized from the newly approved document with the Medical Resource Hospital establishing appropriate levels of "standing orders" and "on-line Medical Control."

NH EMS Drug List Additions:

The NH Board of Pharmacy has approved 27 additional medications for use by EMS providers as recommended by the NH EMS Medical Control Board. Use of the new medications has been included in the recently-approved "Local Option Patient Care Protocols" accepted by the EMS Medical Control Board.

In conjunction with the expanded list of medications, proposed rules regarding the accountability of narcotics issued to EMS providers have been drafted and are now in the legislative rulemaking process for acceptance. Information on this topic is being mailed to the EMS community.

EMS Certification and Licensure:

Reminder for Nationally Registered EMT's with certifications expiring March 31, 1999: To continue practicing in New Hampshire as an EMS provider after March 31, individuals must submit a completed "NH EMS Provider" application along with a legible photocopy of their new NREMT wallet card and current CPR card. EMT-Intermediates and Paramedics must have their Head of Unit sign the application indicating the individual has been issued protocols to practice at the designated level. Process completion by March 31, 1999 will prevent lapse of licensure.

NEW HAMPSHIRE RETIREMENT SYSTEM

The Granite State

4% Cost-of-Living Adjustment Approved for Eligible Retirees

The Fiscal Committee of the New Hampshire Legislature approved a 4% cost-of-living adjustment (COLA), which will become effective on July 1, 1999, for New Hampshire Retirement System (NHRS) teacher, employee, firefighter and police officer members who retired on or before July 1, 1998.

Chapter 287, Laws of 1998, changed the eligibility requirements for receiving COLAs. Effective July 1, 1999, members who have been retired for at least twelve months as of July 1st of a year (or beneficiaries of such members who are receiving a pension), will be eligible to receive a COLA. That COLA will be retroactive from July 1st of that year, back to the member's most recent anniversary date. For example, a member who retired on April 1, 1998, will be eligible for the 4% COLA on July 1, 1999, and that COLA will be retroactive from July 1, 1999, back to April 1, 1999.

Any inquiries regarding COLAs should be directed to an annuity representative at NHRS by calling (603) 271-3351.

FLSA Handbook Now Available

The NVFC has developed a handbook to help fire departments comply with the Fair Labor Standards Act (FLSA). The handbook contains definitions of common terms associated with the FLSA. It also contains plain-English descriptions of what types of employment are allowed and disallowed under the FLSA. To get your free copy of this handbook, call 1-888-ASK-NVFC today and request a copy of the FLSA Handbook.

FIRE CHIEF

The Town of Hooksett, with a residential population of approximately 10,000, is accepting applications for the position of Fire Chief. The department has approximately 25 full-time and a call company of 12 to 15 at two full-time stations. The department has an annual budget of \$1,129,000.

Minimum qualifications are a high school diploma with some college level studies in Fire Science, Management, or a related field. Ten years full-time experience in municipal fire service, with at least five years experience in a supervisory capacity. Thorough knowledge of fire suppression, fire apparatus, fire prevention, proven management/supervisory skills, particularly in a union environment, and a thorough knowledge of policies, procedures, and practices relating to the fire service. The salary classification is an S-9 with a minimum of \$38,495 and a maximum of \$59,512.

Duties include, but are not limited to, the day to day operation of the department, administration of policies, budget creation, expenditure of funds, training programs, and personnel administration.

Resumes may be sent to the Town of Hooksett, Administration Department, Hooksett Municipal Building, 16 Main Street, Hooksett, NH 03106-1397 no later than 12:00 noon, March 15, 1999. No phone calls.
